**Subject:** Draft weekly item - Hunters Pt Parcel A

**John drafted this, but I just formalized the format:**

**Hunters Point Naval Shipyard Scans of Parcel A Residential Areas:** The State of California Department of Public Health was nearing completion of their scan of the first area of the Parcel A residential area and found a buried radioactive deck marker on a not-yet-developed downhill corner of the parcel. We are quickly assessing next steps with the Navy, City, and our regulatory partners. (Lily Lee 7-4187)

I put this on the One Drive
